

JAD SALTS IS FINE FOR KIDNEYS. QUIT MEAT Flush the Kidneys at once when Back hurts or Bladder urchs. Meat forms uric acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

LECTURE ON ART IN INDIA

Prof. William M. Zumbro Spoke Before February Meeting of Park Church Parish House Association—Illustrated Talk With Many Handsome Slides—Indian Art Profoundly and Devoutly Religious.

The February meeting of the Parish House Association was held in the Osgood Memorial on Tuesday evening with a large attendance. The president, Mrs. A. N. H. Vaughn, introduced Prof. William M. Zumbro, who gave an interesting lecture on Art in India, illustrated with many pictures of Indian art which he had collected during his residence there. He spoke of Indian art as a worthy one and recommended to those wishing the best books on the subject, Ferguson's 'Eastern and Indian Architecture', Vincent Smith's 'Fine Arts of India and Ceylon', Havel's 'Indian Sculpture and Painting and Ideals of Indian Art'. Art is said to express the aspirations, longings and ideals of a nation even more than poetry or music does.

INTERNATIONAL LAW ON ARMING OF MERCHANT SHIPS. Said to Sustain Rights of Entente Allies in the Practice.

Washington, Feb. 15.—The United States, it was said by high authority at the state department today, concedes that the entente allies are within their rights under prevailing international law in arming merchant ships for defensive purposes, no matter what conditions exist on the seas.

State department officials now are engaged in trying to determine just what will happen when the commanders of German and Austrian submarines begin to put their new instructions into effect. It is said, too, that the United States in the near future, may make some inquiries as to how the entente allies intend to determine whether merchantmen encountered by their submarines are armed.

Torrington.—Arrangements have been completed for the annual dance to be given at the state armory Friday evening under the auspices of St. Francis T. A. and B. society.

Here's a Dyspepsia Remedy That is Really Guaranteed by Your Own Druggist. One of the greatest successes in the sale of medicine has been achieved by Mi-o-na, the standard dyspepsia remedy, and its sale is increasing so rapidly that many druggists have had to keep a stock on hand. It is very popular with bankers, ministers, lawyers and other busy men, because its profession keeps them closely confined, while those who have brought on indigestion through irregular eating, worry, or other causes, have found relief in this reliable remedy.

REAR ADMIRAL STRAUSS. Rear Admiral Joseph Strauss, chief of the bureau of ordinance of the United States navy, told the house committee on naval affairs that the general board of the navy had not yet determined whether the battleships and cruisers to be authorized in the pending naval bill should be equipped with sixteen inch guns.

The Misses Gulliver gave an informal tea at their home at Norwich Town last week in honor of Miss Ethel De Long of Pine Mountain, Ky.

The Man Who Looks Ahead

Most persons have some goal to which they steer their hopes, but many thoughtlessly unnerve the hand, and dull the brain by faulty living, then wonder why success is not achieved.

Among the everyday habits of life that often upset health is coffee drinking, an ancient and respectable custom, but harmful to many.

The average cup of coffee contains about 2 1/2 grains of caffeine, which, gradually accumulating in the system, often causes nervous prostration, heart trouble, mental depression, etc.

There's an easy way out of coffee troubles—quit the coffee and use

POSTUM

This pure food-drink is a simple combination of whole wheat roasted with a little wholesome molasses—nothing else. It has a snappy, aromatic flavour similar to coffee but is entirely free from the drug, caffeine, or any other injurious substance.

There are two forms of Postum. The original Postum Cereal must be boiled, 15c and 25c packages; Instant Postum, soluble in a cup of hot water, 30c and 50c tins. Both have equal flavour, and cost about the same.

For those who appreciate the opportunity and power that goes with health

Rear Admiral Joseph Strauss, chief of the bureau of ordinance of the United States navy, told the house committee on naval affairs that the general board of the navy had not yet determined whether the battleships and cruisers to be authorized in the pending naval bill should be equipped with sixteen inch guns. Strauss indicated that he believed the sixteen inch gun was practicable for use on large naval vessels. Admiral Strauss told the committee that the latest fourteen inch guns of the navy having a range of 24,000 yards as mounted, or fourteen land miles, were the equal of the fifteen inch guns of foreign navies because of the greater muzzle velocity. He said that at target practice last year three 12-inch shells were driven through heavy armor plating at 12,000 yards.
